Congratulations on your upcoming wedding! Welcome to our web site.

Romance, Love, Elegance, Fun, Unique, Memorable. How do you imagine your most beautiful of all days? Our passion is to capture forever, all the special moments of love and emotion! The Images bring back the memories.

Thanks for checking out our web site. Take your time and look around. There is lots of info and complete pricing on this web site. If you like what you see, we would love to meet you and go over your wedding plans.

**Everyone wants to know pricing. We have all our pricing upfront here on our web site. We believe we are the best value in the Twin Cities & MN for wedding services so we do not have to hide our prices. Wedding Photography from \$ 1000, DJ from \$ 700, Photo Booth from \$ 600 and Video from \$ 700, Combine any of these services together and save \$ 100 or more for each service you add to your first service you select. Combine all our services and save \$ 500 and more.**

We are a family owned and operated business in Brooklyn Park MN since 1987. We have a passion for capturing all those special moments from your most memorable of days.

We offer personal 1 on 1 service. We can customize your wedding package to what you want.

Doug, the main photographer has 25 + years experience and will be your main photographer if you choose us. All the photos you see on this web site were shot by Doug or his partner JoAnn who have been married and shooting weddings together for over 25 years.

We shoot Photojournalist style with a touch of fine art, and classical mixed in. We love to use natural light as much as possible when we shoot. Painting with light as we would say.

We use only Canon Top of the line Cameras Canon 5D Mark II with Canon's top of line, L series lenses.

We shoot in Raw format for the best quality, which also gives us more options for enhancements when editing.

We also have been shooting Wedding Video for 20 years and have seen major changes from VHS to Blu-Ray that we now offer on all our Wedding Videos. Our Videos are edited on Apple Pro Computers with Final Cut Pro Software.

We added DJ in 2009. Our DJ does a great job to make the reception rock till midnight. We use one of the best sound systems around, and have a great light show as well with the latest in LED / Laser Lighting

Recently in 2013, we have added a Photo Booth to our business. We have been shooting an open Photo Booth for years, but now we have a booth that can be open or enclosed. We print 2x6 strips in seconds, and the prints will last for generations. We offer a leather guest book that your guests sign next to the photo strips. These guest books are a great way to remember your guests and adding some fun as well.

If you like what you see please email us to set up a time to go over your wedding plans. When you combine our Photography with DJ, Photo Booth or Video, we can offer you a great package price and personal 1 on 1 service that you need for your special day.

Good luck on your wedding planning.

Sincerely,

Doug,

Doug Rogahn Photography
