I am a self owned and operated business in Brooklyn Park MN since 1987. I have a passion for capturing all those special moments from your most memorable of days. I offer personal 1 on 1 service. I can customize your wedding package to what you want. Doug, the main photographer has 25 + years experience and will be your main photographer if you choose us. All the photos you see on this web site were shot by Doug Rogahn. I shoot Photojournalist style with a touch of fine art, and classical mixed in. I love to use natural light as much as possible when I shoot. Painting with light as one would say.

I use only Canon Top of the line Cameras I am currently using Canon 5D Mark IV camera with Canon's top of line, L series lenses. I have backup equipment incase of any equipment failure. In fact your photo files are instantly sent to two separate memory cards for safety and security. I shoot in Raw format for the best quality, which also gives me more options for enhancements when editing.

If you like what you see please email me to set up a time to go over your wedding plans. I will give you personal 1 on 1 service that you need for your special day. Good luck on your wedding planning.

Sincerely,

Doug
