What is included / About us:

1. 20 years plus experienced Wedding Photographer
2. Large Color Files that are edited one by one, includes cropping, color correction, touchups, and artistic enhancements to each photo.
3. You get all the full size files (24 megapixels, 6000 px. X 4000 px.) to make large prints if needed, along with copyright release, on a USB Flash Drive, so you can have your prints made anywhere.
4. You also get all the full size files, (24 megapixels, 6000 px. X 4000 px.) in Black & White, Sepia and Washed / Faded Look
5. I shoot in Raw Format not JPEG. For the best quality on your edited files.
6. I have no limit to the number of photos taken during your event.
7. I currently shoot with Canon 5d Mark IV using Canon L Pro series Lenses
8. I bring backup equipment for camera, lenses and flash.
9. Your Files are backed up on two memory cards the instant the photos are taken for a high level of safety and security.
10. I have no limit on number of photos taken but I typically shoot 175-200 photos per hour of coverage. (so for 6 hours of coverage I typically shoot between 1100 and 1400 photos. After editing, and artistic impressions files added, you typically get the about the same number of files that were originally taken.

Email, Text or call me to check any discount pricing we may have, to answer your questions or to schedule an appointment to go over your wedding plans.

Best of luck to you on your upcoming wedding.

Doug
