GREAT WEDDING SERVICES! OUR DAY WAS PERFECT! posted 12/11/2011

We used all 3 services from Doug Rogahn Photo, Video & Dj. Our photos were perfect! Doug captured all our precious moments and the quality was amazing! He was very creative and we got lots of fun, candid shots. Our wedding album is wonderful! The video was AWESOME! The Blu-Ray Video was crystal clear. Best quality video we have seen. It brings the day back to life every time we watch it. The DJ Played everything we wanted, and his timing of music was wonderful! Our guests had a blast on the Dance Floor. Everyone at our Reception said they had a great time. We believe we found the best value in the Twin Cities. We found out we did not have to get the most expensive wedding vendors to get great quality and great personal service. Our day went so smooth thanks to these guys. I have already referred several of my friends. We highly recommend them to everyone!

Doug Rogahn photography and DJ are EXCELLENT posted 10/6/2013 (updated 10/20/2013)

We hired Doug Rogahn for our wedding photographer, and his son Nathan for our DJ. We have nothing but great things to say about both of their services. The photos Doug took turned out excellent - better than we ever imagined. We've been getting nothing but compliments from our friends and family. In addition, Nathan was a stellar DJ. He played perfect music throughout the entire night. He showed up early to set up all of his equipment, and the ceremony turned out excellent thanks to his music selections. All the guests were very impressed with the variety of music he played, as well as the light show.

We have nothing but great memories of their services, and would HIGHLY recommend both of the Rogahn's to all of our friends and families.

Awesome services for a great price posted 10/1/2013 (updated 10/1/2013)

My wife and I had Doug and Nathan Photograph, Video and DJ our wedding last month. Everything went really well and they run a great business. We saved a lot of money combining all three services

Doug did a great job at getting pictures from beginning to end and also working the video camera. A week and a half after our wedding we got our pictures back. We got a lot of pictures and they all look really good.

The DJ, Nathan, did a great job playing a variety of music which was fun. The light show was really cool and our guests were impressed.

We recently got our video back. I haven't watched it yet, but my wife has and says its awesome. If she's happy I'm happy.

Exceptional Value, Great Service posted 9/30/2013 (updated 9/30/2013)

We recently had Doug Rogahn and his Nephew Nathan do the photography, video and DJ service for our wedding. Combining the three services was a great deal and we ended up paying less than what we would have paid for just one of the services elsewhere. They were very helpful in the planning process, and I could tell even before the wedding that they take a lot of pride in their work. They had plenty of samples to show us of the work they do, which was awesome.

On the day of the wedding they showed up on time and dressed nicely. Doug did pictures starting before the wedding and went all the way through the reception. When our ceremony was over, Nathan was waiting in our reception area with music playing and lights going.

We received our picture cd a week and a half after our wedding, which is insanely fast. We received a lot of very good shots and he provided all of them in full color, black and white, sepia tone, and small files for Facebook.

The video arrived about a month later and it is very professional and transitions very nicely. It is so awesome to have to remember our day.

I would recommend these guys to anyone, they offer great services at an unbeatable price!

Great Pictures, Great Day posted 8/24/2013 (updated 8/25/2013)

Doug did a great job! We met him before the wedding to talk everything over with him. He told us how he got started in the photography world and showed us how he edits all of the pictures. He really knows his stuff and I was very impressed. He always had great communication with me and on the day of the wedding he was actually there before I was! He did a great job capturing our photos, which is hard when my husband and his best man like to joke around all day. He made sure we got all the pictures we wanted and took more amazing pictures of us throughout the night. We had our dog in the wedding and he did a great job of getting him to look at the camera for our pictures with him. The photos turned out great and I am very happy with them.

AMAZING photographer! posted 7/28/2013 (updated 9/30/2013)

We had Doug as our wedding photographer and he was absolutely AMAZING! We met with him before the wedding day to set out a game plan of wedding pictures as well as a list of must have pictures so he didn't miss any of them, which was a big relief to not have to worry about on the wedding day! He was on time and a great director of family members on the actual day for pictures, and had a lot of suggested poses (but is also completely open to any of your suggestions). He was there for the full day and we had 1,400 pictures for the day, all in color, black/white, and sepia styles(so actually 4200 pictures). We also chose a picture album pack which gives us 450 pictures in whatever size we want to distribute between 3 albums (1 for us and 1 for each of our parents). We also did a 3 hour engagement picture session (we used these for our Save the dates) and have 700 very nice pictures of us! He is great for taking those "fly on the wall" pictures where you can just be natural as you are, and they turn out great! His pictures also have a sharp clarity we didn't see in the other photographers we interviewed. Total for all of this was \$2500, which I would do again for all that we got!

The dance went all night long! posted 10/9/2012 (updated 10/20/2013)

We wanted everyone to dance and have fun all night long. That is exactly what Doug and Nathan ensured would happen. The music was exactly what we wanted and we are still getting compliments about our music. They did everything we asked and also acted as our coordinator throughout the night.

Extremely Accommodating Photographer! posted 8/15/2012

We only used Doug Rogahn as our photographer so I cannot attest to the other 2 services (DJ and Videography) but as a photographer Doug did an excellent job! Doug was very accommodating with any kind of picture I wanted to take and was very accommodating when our schedule was disrupted due a major malfunction at our venue. I've had lots of compliments on our pictures and while I haven't ordered any yet, I'm assuming that will go as smoothly as everything else.

All 3 services were GREAT!!! posted 4/23/2012

Doug was an excellent photographer and videographer. He had lots of experience and all his pics turned out great. He was professional and the experience gave him the edge on all the other people we interviewed with. It was also very nice to get everything - photo, video, and DJ in a one stop shop. Doug and his son were both very helpful and open to any ideas that I had. Doug really helped bring my visions to life and capture what I had spent a over a year planning. Emailing back and forth was very timely and easy to communicate my ideas a little at a time. The photo book was done quickly even after the five revisions that we went through. He was willing to work on moving some people around in some pictures to make them just right. He does his own printing which was also a bonus-- less chance of them getting lost. He color corrected the photos to perfection. I cried when I saw the final book- It is truly something I will treasure forever. The video was great quality and captured my special day just like i was reliving the wedding all over again. The Dj played everything I requested. He found all the music I wanted for cocktail hour, dinner and the dance. If he didn't have it he went out and found it. He kept the dance floor full all night which was something I really wanted. Well worth the money I spent and I would recommend him to anyone of my friends and family.
